February 9th, 2016 meeting at
University of Memphis: Holiday Inn

Presidents Corner

Chapter Members,

In the bleak mid-winter
Frosty wind made moan,
Earth stood hard as iron,
Water like a stone;
Snow had fallen, snow on snow,
Snow on snow,
In the bleak mid-winter
Long ago.

With that in mind, be sure to mark your calendar for the FREE Webcast “Making Net Zero Net Positive: Solving the Efficiency & Cost Paradox” on Thursday April 21st. This webcast will feature industry experts who will define the importance of, and why we should strive for, Net Zero in the built environment.

If you attended the Orlando ASHRAE conference be sure to attend the February chapter meeting to share your experience(s) with the other, less fortunate, chapter members.

Reminder:

SAVE THE DATE for the 2016 Region VII CRC in Birmingham – Thursday August 4th thru Saturday August 6th. Much more to follow!

Also note the Region VII website has been updated, be sure to check it out.

We look forward to seeing everyone at the chapter meeting next week at the Holiday Inn at the U of M.

Sincerely,
Tom Bird

Presenter: Tim Davis
Chilled Beam Application & Design

Tim Davis

SE Region Sales Manager for Taco Comfort Solutions

- Based in Charlotte, NC
- NC State Alumni
- 12 Years with JCI in various sales and manager roles
