November 8th, 2016 meeting at
University of Memphis: Holiday Inn

Presenter: Dan Int-Hout III, Fellow, ASHRAE

Topic: VAV Selection

Join us as we explore VAV Selection with Distinguished ASHRAE lecturer Dan Int-Hout III. Dan has been in the Air Distribution research and design business since 1973, and has a Masters in Business Management from Central Michigan Univ., and a Bachelor in Biology & Physics from Denison University.

Dan originally joined Krueger in 1981, but has had several other jobs in the industry, including Owens Corning Fiberglas, Carrier, Titus and Environmental Technologies, in engineering, marketing and product research roles.

Dan has written over 40 technical papers and articles on VAV system performance, acoustics, air diffusion, controls and occupant comfort. He was recently Chairman of both ASHRAE Technical and Standards Committees on Thermal Comfort, is a past Chairman of several other related ASHRAE Technical and Standards Committees, as well as ASHRAE Standards, Technical Activities Committee (TAC). & Environmental Health Committees. He received the ASHRAE Distinguished Service Award in 1993 and the Exceptional Service award in 2007.

Dan is currently the Chairman of the ARI committee on Applied Acoustics (885) and Mbr of ISO 205 US Panel on Thermal Comfort and a member of the USGBC TAG on Indoor Environmental Quality. Dan was installed as an ASHRAE Fellow at the Long Beach meeting in 2007, and is an ASHRAE Distinguished Lecturer and a Life Member. Dan was nominated to Chair

Save the Date for Free ASHRAE Webcast 2017

**Take Control:
Using Analytics to Drive Building Performance
April 20, 2017 1:00 - 4:00 PM EDT**

This webcast will feature industry experts who will define the importance of, and why we should strive for, better building operations through improved controls and analytics.

Viewers will be able to describe key elements of controls and analytics for building operations, and identify steps required to deploy analytics in building projects, including commissioning. This program will quantify how applying best practice controls improves building performance, and will recognize the value of analytics in building operations to achieve a reduced cost and increased performance.

Take advantage of the two week On Demand period (April 21-May 5) and schedule your viewing of the webcast around your time zone and schedule

The On Demand player has fast forward and rewind capabilities — allowing you to view all or part of the program with your members
